

COVID-19 vaccine and testing information for U-visa and VAWA clients

COVID-19 Vaccines

To find a vaccine in the United States:

- Go to [vaccines.gov](https://www.vaccines.gov) (available in English and Spanish).

To find a vaccine *outside* the United States:

- Check the website of the United States Embassy in your client's country.

Which vaccines are accepted for noncitizens *entering* the United States?

- Vaccines authorized for emergency use or approved by the U.S. Food and Drug Administration ("FDA") **and** vaccines listed for emergency use by the World Health Organization ("WHO"). See [COVID-19 Technical Instructions for Panel Physicians](#) and the [DHS website](#) for more information.

COVID-19 vaccine for Adjustment of Status and Immigrant Visa applicants

- **Adjustment of Status:** [COVID-19 Technical Instructions for Civil Surgeons](#)
- **Immigrant Visas:** [COVID-19 Technical Instructions for Panel Physicians](#)

COVID-19 vaccine for nonimmigrant visa holders entering the United States

With limited exceptions, COVID-19 vaccines are required for nonimmigrant visa holders (including U-visa holders) age 18+ entering the U.S. via [air](#), [land](#), and [ferry](#) ports of entry.

COVID-19 testing for air travel to the United States

More information about the requirement, including accepted test types, can be found [here](#).
