

*The Technical Assistance Source for  
Pediatric Sexual Assault Forensic Examinations*

## **Resources, Training and Support *Now Available* on the KIDSta.org website!**

### **KIDSta: What Is It?**

KIDSta is a technical assistance project from the IAFN and the Office on Violence Against Women to provide support, resources, and training on the recommendations in the National Protocol for Sexual Abuse Medical Forensic Examinations: Pediatric.

The Pediatric SAFE Protocol is a guide for health care practitioners who conduct sexual abuse medical forensic examinations on prepubescent children and other professionals and agencies that respond to child sexual abuse.

### **Call, Click, or E-mail for Help**

- Pediatric SAFE Protocol PDF; and HTML searchable version
- Direct links to evidence based resources supporting recommendations within the Pediatric SAFE Protocol for all disciplines, patients and families
- Training opportunities for all members of the multidisciplinary team
- Access to telephone or e-mail technical assistance from the International Association of Forensic Nurses

INTERNATIONAL ASSOCIATION OF  
**Forensic Nurses**
