Questions from TA Providers for TA Providers

QUESTION: Do you have a written policy or procedure to respond to a breach of personal identifying information that you would be willing to share with other TA providers?

If you have a question you would like your fellow TA providers to provide feedback on, please contact TA2TA.

TA2TA
Directory

Reminder to Update Your Directory Listing on TA2TA.org!

Grantees are being directed to the TA2TA website to find trainings and resources relevant to their OVW projects, so please ensure that your TA Provider Directory listing is updated with current project and contact information. If you received a new award number, you need to add a new project. You can archive old projects so the information no longer shows in the directory, but historical information saves and any publications under that award will remain in the TA2TA library. If you need help updating your directory listing, contact us at info@ta2ta.org.

Reminder to Update Calendar Events on TA2TA.org!

Please remember to input all events and webinars funded under your TA cooperative agreement on the TA2TA.org calendar. Once an event has been approved by OVW, please change the status of the event on the calendar from "pending" to "approved".
